Discover endless possibilities with the Myriad tufting machine

Our Myriad tufting machine – developed and built by the market leading Cobble Vandewiele – is an amazing individual pile delivery (IDP) technology machine that brings a lot of flexibility to pattern carpets.

This high speed tufting machine holds hundreds of compact servomotors that control each individually the yarn ends, to achieve an endless number of pile heights.

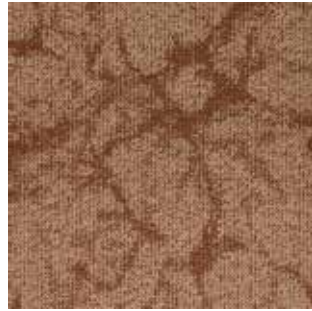

This gives us the possibility to create designed carpets.

Geo | Presto | Marble

Type of product	Design tufted
Gauge	1.10
Pile material	100% PP
Pile Weight	400 gr/m2
Total weight	1100 gr/m2
Pile height	4.0 mm
Total height	6.0 mm
Number of tufts	141.840/m2
Backing	Felt
Width	400 cm

Note: Specification can vary by 10%
